SURU INTERNATIONAL PVT. LTD.

SELDINGER INTRODUCER NEEDLE

Product Name: Seldinger Introducer Needle

Item Code: 4030, 4031Y

Features :

- Y type introducer needle is provided with a side port having a non return valve, this allows attaching syringe at one port and simultaneous inversion of guide wire through the port with valve
- This minimizes the possibilities of blood loss during insertion
- Luer lock connection of syringe guarantees a secure connection
- Customized needle length is possible
