FOLEY BALLOON CATHETER

Product Name: All Silicon Foley Balloon Catheter - SURUCATH PRO

Item Code: 2007

Features :

- 100 % silicon construction
- Medium length round tip with two opposing eyes
- With radio-opaque line
- Maximum softness and bio-compatibility to enhance patient comfort
- Technically advanced process makes the balloon an integral part of the tip
- No “glue” ridge to irritate the urethral upon insertion and removal
- Remarkably smooth, the non stick surface of silicon makes it highly resistant to encrustation
- The shaft allows for an approximately 30 % larger lumen, which can permit longer use and promotes better drainage of sediment and blood clots
- The ribbed funnel ensures an easy, leak proof connection while the clear connector and clear shaft allows visual examination of drainage
- Sterile product for single use

Available configuration :

Balloon Capacity (ml/cc)	Two Way Sizes (FR)	Three way Sizes (FR)
3	-	-
3-5	8, 10	-
5-10	12, 14, 16, 18, 20, 22, 24, 26	16,18, 20, 22, 24
5-15	12, 14, 16, 18, 20, 22, 24, 26	16,18, 20, 22, 24
30	16,18, 20, 22, 24, 26	16,18, 20, 22, 24
