BIOPSY NEEDLE

Product Name: Biopsy Needle (Soft Core Automatic Gun)

Item Code: 4027G

Features :

- The biopsy instrument is a single use core biopsy device
- Two step activation and automatic firing cater for various tissue biopsy needs
- High velocity throw of the needle ensures perfect samples
- Ergonomic design allows for ease of use single hand operation
- Safety switch prevents accidental misfiring
- Core needle with unique dotting design provides perfect imaging of the needle tip under ultra sound guidance
- Acrogenic needle tip
- Angled 19 mm sample notch for enhanced needle action
- The side actuator buttons are color coded according to the various gauge sizes
- Soft core handle has “Ribs” design for better grip and control
- Light weight handle helps in easier manipulation during biopsy procedure
- Improved instrument design offers ease and enhanced control of one handed cocking. Upper slide withdraws and locks the needle cannula. The bottom slide engages and cocks the stylet

Available configuration :

- Available with or without Guiding Cannula
