

SURU INTERNATIONAL PVT. LTD.

I.V. CANNULA

Product Name: IV Cannula With Injection Port - SURUFLON®

Item Code: 2002

Features :

- It is provided with injection site which has one way retracting valve to facilitate extra medication and to prevent back flow
- It can also be used to inject medicine by a syringe without needle thereby reducing the chances of infection and prevent needle stick injuries
- Angled and grooved wings offer easy fixation and prevents pistoning and rolling of cannula over the patient's body
- Injection port with non return silicon valve for intermittent medication
- The valve has a special design for resting the finger to facilitate two point grip for cannulation
- Sterile product for single use
